

REMARKS/ARGUMENTS

In response to the Examiner's final Office Action of September 26, 2007 the Applicant respectfully submits the accompanying Amendment of the claims and the below Remarks.

Regarding Amendment

In the Amendment:

independent claim 1 is amended to specifically recite the source, intermediate and target entities as part of the claimed method;
dependent claims 2 and 4 are amended to conform with amended claim 1;
dependent claim 3 is cancelled; and
dependent claims 5-25 are unchanged.

It is respectfully submitted that the Amendment does not add any new matter to the present application, nor any new issues to the prosecution of the present application.

Regarding 35 USC 102(e) and 103(a) Rejections

It is respectfully submitted that the subject matter of amended independent claim 1, and claims 2 and 4-25 dependent therefrom, is not disclosed or suggested by previously cited Wiegley and Schneier either taken alone or in view of one another, because amended independent claim 1 amended specifically recites the source, intermediate and target entities as part of the claimed method and not merely in the preamble as contended by the Examiner in the Response to Arguments section of the present Office Action.

It is respectfully submitted that all of the Examiner's rejections have been traversed. Accordingly, it is submitted that the present application is in condition for allowance and reconsideration of the present application is respectfully requested.

Very respectfully,

Applicant/s:

Simon Robert Walmsley
